MADE TO ORDER

ARCHIVE COLLECTION

EVEREST

SUBLIMATION JERSEY

Give your team the kit they deserve.

This man mountain of a jersey helped South Africa power to World Champion status in 2007. The iconic neckline roars 'Canterbury' and will have opponents shaking at the first scrum.

FIT STYLES

INTERNATIONAL
Introduced for the Rugby World Cup 2007, the international design incorporates fabric to offer a tight fitting jersey that moves and flexes with the body. A comfortable yet high performance jersey, designed to be worn tight to the body.

Please note the "Junior International" is a slim fit but not tight.

COLLAR STYLES

INTERNATIONAL
Designed for the Rugby World Cup 2007, this innovative design is hard wearing and durable. Available in twill or self fabric options, the international collar is applicable to raglan sleeve designs only. Cover stitching around neck insert and down raglan seam. Select stitch colour from sublimation colours.

LOOP 21
This neck construction offers superior fit, comfort and greatest strength yet. "Loop 21" is protected by a registered design of Canterbury Ltd (Registered Design No. 001691049-001). Available from 1st April 2013.

BINDING & SLEEVES

All Everest jerseys include binding on the sleeves & body hem to retain shape and comfort during wear. Everest sublimite jerseys are only available in short sleeves.

Everest 93% Polyester / 7% Elastane 280gsm

SUBLIMATION JERSEY

The most bespoke jersey out there.

Rugby players come in all shapes and sizes, and so should your kit. Create a unique jersey from endless designs including the latest Loop 21 neckline and stand out on the pitch. Be individual, play as one.

FIT STYLES

STANDARD
Traditional fit, comfortable for all sizes and perfect for competition, training or leisure. Available in a traditional set-in sleeve or raglan sleeve finish. A durable and comfortable jersey.

SLIM
Initially designed for a number of International 7's teams, this slimmer fitting jersey has developed rapidly within the game and offers a streamlined fit to enhance tackle evasion.

COLLAR STYLES

SPORTS
Originally developed for the Rugby World Cup 2003, the sports collar offers an update to the traditional collar style. The twill material, or self-fabric option for sublimation, are combined with a loop neck for durability and performance.

INTERNATIONAL
Designed for the Rugby World Cup 2007, this innovative design is hard wearing and durable. Available in twill or self fabric options, the international collar is applicable to raglan sleeve designs only. Cover stitching around neck insert and down raglan seam. Select stitch colour from sublimation colours.

STUB
Created more than 30 years ago and still popular today, the stub collar offers a streamline look with performance qualities whilst incorporating the loop neck. Available in twill or self fabric.

LOOP 21
This neck construction designed for 2011 Rugby World Cup offers superior fit, comfort and greatest strength yet. "LOOP 21" is protected by a registered design of Canterbury Ltd (Registered Design No. 001691049-001).

SLEEVES

Sublimated jerseys are available in both long and short sleeves. Long sleeves have a ribbed cuff.

CCC LOGOS - GUIDELINES

There are two standard Canterbury branding styles – the “three Cs” logo, and then the same logo with “canterbury” text below. Each size of logo has a code number to identify the specific branding; the versions with the canterbury text below have the word “Lower” after the code. To the right is an image of both styles as well as sizing details for the logo codes.

Below are recommended branding sizes for using the CCC logos, although other logo sizes can be ordered provided it will fit onto the specified panels on the garment – speak to your Canterbury Sales Representative for more details.

Please note these are suggested guidelines only and all logo sizes must conform with your specific sports board regulations.

903 Lower

903

LOGO CODE	WIDTH	HEIGHT	USE
903 Lower 903	40mm 41mm	28.5mm 20.5mm	Caps
904 Lower 904	51.5mm 53mm	37mm 26.5mm	Training items such as tees, polos, training shorts, vests Ladies playing kit
916 Lower 916	65mm 67mm	46.5mm 33.5mm	Slim fit mens jerseys, Junior jerseys, International fit jerseys Playing shorts, Jackets and fleeces
911 Lower 911	87.5mm 90mm	63mm 47mm	Standard fit mens jerseys
914 Lower 914	146mm 150mm	105mm 75mm	For use on back of garments as large CCC

THERMO NUMBER OPTIONS

20cm numbers are recommended for the back of slim fit jerseys, 25cm are recommended for the back of standard fit jerseys, 5cm numbers are recommended for shorts, track pants or chest and sleeve positions. CCC is cut out so fabric behind shows through.

Names can be added across the back shoulders or as initials on the sleeve/chest. Thermo lettering is 5cm in height and available in black, navy, scarlet or white. Screenprinted names are available in requested shades, however thermo is the recommended option.

Sublimated garments – numbers and names can be sublimated into any sublimite garment being made to-order. This is at no additional cost to the garment and it is possible to request specific shades. For non standard colours please advise a Pantone (PMS) shade number. For non-standard CCC numbers please provide images of digits 0-9, for non-standard names please provide font name and file. Non-standard only available for sublimite.

EMBROIDERY

A full embroidery service is available for your crest or logo.

If the logo is already set up the electronic version (eg embroidery disc) will need to be submitted with the order, as well as a worksheet and details of colours required. Maderia thread shades must be provided, otherwise standard Canterbury colours will be used.

If the logo is not set up electronically then we will require a brand manual or high resolution logo specification sheet to set up a disc for you, ensure you explain clearly how your logo is to appear on both dark or light coloured items. The size required for the logo must also be provided. For new disc set ups an image of the disc will be forwarded to you, this will require approval before the disc will be used.

Embroideries will be sampled onto a swatch and a photograph sent electronically for approval before production is started.

PRINTING

Screenprint or thermo print services are available for your crest or sponsor logo.

Please ensure a good quality image of the logo is submitted electronically, the preferred formats are vector or high resolution eps or jpeg. Faxed paper copies, letterheads or garments are not suitable formats.

For logos with text, please provide the font name where possible. Pantone (PMS) colours must be submitted, otherwise standard Canterbury colours will be used.

Sublimated garments – crests and logos can be sublimated into any sublimite garment being made-to-order. This is at no additional cost to the garment.

BADGES

We are able to apply pre-made badges to many fabrics, please ask for more details.

Personalised neck tape and woven labels are available, please ask for more details.

Please note that certain fabrics will be better suited to some application methods than others. If you are unsure of the best embellishments to use please contact your Canterbury sales representative for more information.

Please ensure that you secure permission from the appropriate party before using any logos or images, Canterbury of New Zealand Ltd can not accept any responsibility for the unauthorised use of third party logos or images. Canterbury reserve the right to refuse to apply any name or logo considered offensive or unsuitable.
