A sepia-toned photograph of two football players in motion on a grass field. The player on the left is in the foreground, wearing a dark kit with white accents and a 'CHAMPIONS' patch. The player on the right is slightly behind, wearing a light-colored kit with dark stripes and also featuring a 'CHAMPIONS' patch. The background is blurred, showing a stadium setting.

RUGBY WEAR

Official suppliers of Bishop Stortford All Stars - Dubai 7s

NEW BONDED JERSEY

Our new bonded technology enhances the seam bursting and fabric rupture strength of the jersey while also reducing weight.

High technical workmanship with laser cut seams for a sharp finish and more attractive appearance,

creates a tight fit that remains exceptionally comfortable.

Seams are bonded rather than traditionally stitched, up to 4000 stitches have been removed so the weight reduction is significant, creating a seamless finish.

Critical points of the garment are reinforced whilst maintaining and improving the comfort throughout.

The technology has exceeded the industry standard testing requirements.

NEW MESH PANEL JERSEY

The mesh panel jersey offers the highest quality sublimated rugby jerseys with added side mesh panels for improved comfort and breathability.

The mesh panel is available in all our standard colours and as always, we can design a

unique and striking shirt for your team.

The design of the garment focuses on key areas to provide breathability where it matters, keeping you comfortable throughout the match.

NEW SILICON GRIP DOTS

Zoo Sport silicon grip dots are available on all our rugby jerseys to help you keep hold of the rugby ball.

The grip surface provides extra friction when the ball is pressed against it, giving an advantage when running

with the ball. Opponents will find it harder to get the ball from your hands providing an advantage in games.

PRO FIT

Pro fit rugby jerseys are made with polyester and elastane fabric to offer a tight fitting yet comfortable rugby jersey.

SLIM FIT

Slim fit rugby jerseys are.....
.....

STANDARD FIT

Standard fit rugby jerseys are manufactured from polyester fabric offering a highly comfortable loose fit jersey.

DESIGN YOUR OWN

Infinity refers to a quantity without bound or end. The word comes from the Latin infinitas or 'unboundedness'. It is the very essence of this that drives Zoo Sport to provide our customers with an unlimited choice. So when considering your clubs next kit, feel free to design your own and we will do the rest.
